

Serious Injury Webinar 2021 | Spinal Cord Injury - Posing Broad Questions, Getting Bespoke Answers

Posted On: 14/07/2021

Author: Patrick Limb KC

Spinal Cord Injury is never but one injury: it causes a range of significant problems. This webinar addresses how 'across-the-board' case-planning best secures tailor-made outcomes.

Agenda

- What is an SCI - and what is not?
- What range of problems does SCI cause - and what risks being missed?
- What are the foundation stones to effective case management - and rehabilitation?
- What rehabilitating therapies need to be considered?
- What next in SCI?
