This webinar is the second in our annual [series of webinars](#) focusing on personal injury litigation relating to personal injury litigation cases presented by members of our [Personal Injury](#) team.

This webinar attracts 1 CPD hour and is accredited by APIL Training.

Agenda

A high-level examination, by reference to key recent appellate decisions, of the areas where the boundaries of tort law are being expanded or clarified.

- Duty of care, in particular the circumstances where a duty is owed to a third party.
- Liability to secondary victims for psychiatric injury.
- Indivisible injuries, apportionment and causation.
- Remoteness in the tort of negligence.
